

Capital Region Family Business Center

Family Business Leadership Series

ENROLLMENT IN THE 2017 LEADERSHIP SERIES IS NOW OPEN.

This exclusive twelve-month program, currently in its fifth year, is focused on establishing leadership fundamentals for the next generation of leaders and managers of a family business.

Leadership is the number one priority for the longevity of a business. This is particularly true for a family business. The Family Business Leadership Series concentrates on developing the knowledge and skills that are particularly important within the unique environment and culture of a family owned and operated business. Program participants will have first-hand experience with the operations of successful family businesses as well as gain leadership knowledge and skills.

THE CURRICULUM COVERS THE FOLLOWING:

Family Dynamics

Communicating & Connecting
Relationships & Trust
High Performance Culture

Leadership Development

Accountability Leadership
Mentoring & Coaching
High Performance Teams

Personal Leadership Effectiveness

Effective Self-Management
Delegation & Developing Your Staff
Financial Literacy

Best Business Practices

Strategic Planning & Implementation
The Practice of Management
Succession Planning

The CRFBC leadership program

was a very informative experience that provided a great opportunity for personal growth as well as an opportunity to learn best practices from other family businesses. As a result of my experience in the leadership program, our family has incorporated some of these best practices in an effort to continuously improve the functionality and structure of our family council.
